Floral Water, Helichrysum Italicum Organic  
HYD761

| General identification data |                                                                                                    |
|-----------------------------|----------------------------------------------------------------------------------------------------|
| Parameter                   | Value                                                                                              |
| Product color               | Yellow                                                                                             |
| HS code                     | 33019090                                                                                           |
| Country of origin           | Bulgaria                                                                                           |
| Grade                       | Cosmetic Grade                                                                                     |
| Processing method           | Steam Distillation                                                                                 |
| Storage conditions          | Protect from frost, Protect from direct sunlight, Protect from heat, Keep container tightly closed |

| Formulation parameters           |                                                                                                                                              |
|----------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| Parameter                        | Value                                                                                                                                        |
| Free from                        | parabens, GMO-derived ingredients                                                                                                            |
| Formulation phase                | Water phase                                                                                                                                  |
| Function in formulation          | Active ingredient, Humectant, Carrier, Fragrance component                                                                                   |
| Compatibility                    | Electrolytes, Preservatives, Acidic pH, Neutral pH, Oxidizing agents, Fragrance, Reducing agents                                             |
| Recommended dosage range (%)     | 1-100                                                                                                                                        |
| Recommended formulation pH range | 3,0-8,0                                                                                                                                      |
| Solubility                       | Oil-insoluble, Water-soluble                                                                                                                 |
| Application type                 | Leave-on, Rinse-off                                                                                                                          |
| Effects                          | Anti-Aging, Antioxidation, Hydration, Skin Barrier Repair, Anti-Inflammatory Effect, Regeneration, Skin-soothing effect, Improved Elasticity |
| Suitable for                     | Sensitive skin, Problematic skin, Dry skin, Mature skin                                                                                      |

| Regulation and Safety      |                                                                                                                                                                                                                                         |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Parameter                  | Value                                                                                                                                                                                                                                   |
| Allergens                  | The product contains one or more fragrance allergens listed in Annex III of Regulation (EC) No. 1223/2009, as amended, including Commission Regulation (EU) 2023/1545.                                                                  |
| BSE/TSE                    | The product does not contain materials of animal origin and, due to the absence of animal-derived materials and the production process, contamination or cross-contamination with BSE/TSE can be excluded.                              |
| CITES                      | The product is not derived from endangered species listed in the CITES Appendices and therefore does not require CITES certification.                                                                                                   |
| Product CMR classification | The product is not classified as carcinogenic, mutagenic, or toxic to reproduction (CMR) according to Regulation (EC) No. 1272/2008.                                                                                                    |
| Ethylene oxide             | Ethylene oxide is not used in the production process of this product.                                                                                                                                                                   |
| GMO                        | The product has not been produced using genetically modified organisms (GMOs) as raw materials or GMO-derived processing aids and does not contain residues from GMO sources according to Regulations (EC) No. 1829/2003 and 1830/2003. |
| CLP classification         | This substance is not classified as hazardous according to Regulation (EC) No 1272/2008 (CLP), and therefore a Safety Data Sheet (SDS) is not required for it under Article 31 of Regulation (EC) No 1907/2006 (REACH).                 |
| Nanomaterials              | Nanomaterials are not used in, added to, or generated during the manufacturing of this product in accordance with Regulation (EC) No. 1223/2009.                                                                                        |

Floral Water, Helichrysum Italicum Organic  
HYD761

| Regulation and Safety             |                                                                                                                                                                                               |
|-----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Parameter                         | Value                                                                                                                                                                                         |
| CMR ingredient content            | The product does not contain any ingredients classified as carcinogenic, mutagenic, or toxic to reproduction (CMR).                                                                           |
| Treatment with ionising radiation | The product has not been treated with ionising radiation at any stage before, during, or after the production process.                                                                        |
| Parabens                          | The product is free from parabens.                                                                                                                                                            |
| Proposition 65                    | None of the components of this product are listed on the California Proposition 65 list.                                                                                                      |
| REACH status                      | The product is exempt from the registration requirement under Regulation (EC) No. 1907/2006 (REACH).                                                                                          |
| Residual solvents                 | No residual solvents are used in or expected to remain from the production process of this product.                                                                                           |
| SVHC                              | The product is neither listed as a Substance of Very High Concern (SVHC) nor does it contain any material listed as an SVHC according to Article 59 of Regulation (EC) No. 1907/2006 (REACH). |
| Heavy metals                      | Relevant heavy metals are not expected to be present in the product above applicable limits.                                                                                                  |
| Animal testing                    | The product has not been tested on animals for cosmetic purposes by or on behalf of the company.                                                                                              |
| UFI number                        | Not listed                                                                                                                                                                                    |
| Additional information            |                                                                                                                                                                                               |
| Parameter                         | Value                                                                                                                                                                                         |
| Composition                       | Helichrysum Italicum Flower Water: 99,6 % Benzylalcohol: 0,312 – 0,336 %<br>Benzoic Acid: 0,044 – 0,052 % Dehydroacetic Acid: 0,026 – 0,030 %<br>Tocopherol: < 0,0004 %                       |

The information contained in this document is provided in good faith and to the best of our current knowledge. It is supplied without warranty and does not constitute a guarantee of the product’s suitability for any specific purpose.

The customer remains solely responsible for verifying the suitability, safety, and compliance of the product for the intended use and final application. Where necessary, appropriate testing should be carried out prior to use. All information is considered accurate at the time of issue; however, product details may be subject to change. Customers are therefore encouraged to keep their technical documentation up to date.

**Product name:** Floral Water, Helichrysum Italicum Organic  
**Product code:** HYD761
