This certificate assesses the compliance of the fragrance mixture with the IFRA Standards and, where applicable, specifies restrictions for its use. It is based solely on those constituents that are subject to the IFRA Standards for the specific toxicological endpoints described in the relevant standards.

This certificate therefore does not replace a comprehensive safety assessment of the fragrance mixture.

We hereby confirm that the above-mentioned product complies with the Standards of the International Fragrance Association (IFRA) Code of Practice (51st Amendment, 2023), provided that it is used in the following product categories at or below the indicated maximum concentration levels:
