| General identification data |                                                                                                                           |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Parameter                   | Value                                                                                                                     |
| Botanical source            | Cinnamomum zeylanicum                                                                                                     |
| CAS No.                     | 8015-91-6 ; 84649-98-9                                                                                                    |
| EC number                   | 283-479-0                                                                                                                 |
| Product color               | Yellow                                                                                                                    |
| HS code                     | 33012949                                                                                                                  |
| INCI                        | Cinnamon Bark Oil                                                                                                         |
| Country of origin           | Sri Lanka                                                                                                                 |
| Grade                       | Cosmetic Grade                                                                                                            |
| Processing method           | Steam Distillation                                                                                                        |
| Storage conditions          | Protect from direct sunlight, Protect from light, Protect from heat, Store in a cool place, Keep container tightly closed |
| Odour                       | Spicy                                                                                                                     |
| Appearance                  | Liquid, Oil solution                                                                                                      |

| Analytical parameters             |          |               |
|-----------------------------------|----------|---------------|
| Parameter                         | Value    | Range         |
| Arsenic, As (ppm)                 | Complies | < 2           |
| Refractive index at 20 °C         | 1.572    | 1.545 - 1.600 |
| Lead, Pb (ppm)                    | Complies | < 10          |
| Optical rotation (°)              | Complies | (-3) - 2      |
| Mercury, Hg (ppm)                 | Complies | < 1           |
| Specific density at 20 °C (g/cm3) | 1.010    | 0.990 - 1.050 |
