All data and facts above are taken from the certificate provided by the manufacturer. This certificate confirms that the product meets all specified quality parameters and regulatory requirements.

1 GENERAL IDENTIFICATION DATA

| PARAMETER          | VALUE                                                                                                |
|--------------------|------------------------------------------------------------------------------------------------------|
| INCI               | Illite, Kaolin, Montmorillonite                                                                      |
| CAS No.            | 12173-60-3, 1332-58-7, 1318-93-0                                                                     |
| HS code            | 25084000                                                                                             |
| Product color      | Green                                                                                                |
| Country of origin  | France                                                                                               |
| Grade              | Pharmaceutical Grade, Cosmetic Grade                                                                 |
| Origin of product  | Mineral                                                                                              |
| Storage conditions | Store in the original container, Keep container tightly closed, Store in a dry and clean environment |
| Odour              | Odourless                                                                                            |
| Appearance         | Powder                                                                                               |

2 ANALYTICAL PARAMETERS

| PARAMETER                              | RESULT   | SPECIFICATION |
|----------------------------------------|----------|---------------|
| Particle size distribution < 30 µm (%) | Complies | 90            |
| Cobalt, Co (ppm)                       | Complies | < 10          |
| pH (undiluted)                         | 8,77     | 8 - 9         |
| Moisture (%)                           | 3,33     | < 8           |

3 MICROBIOLOGICAL PARAMETERS

| PARAMETER                                       | RESULT   | SPECIFICATION |
|-------------------------------------------------|----------|---------------|
| Candida albicans                                | Complies | Neprítomné    |
| Total aerobic mesophilic microorganisms (CFU/g) | Complies | < 100         |
| E. coli (CFU/g)                                 | Complies | Neprítomné    |

|                                |          |            |
|--------------------------------|----------|------------|
| Yeasts and moulds (CFU/g)      | Complies | < 100      |
| Pseudomonas aeruginosa (CFU/g) | Complies | Neprítomné |
| Staphylococcus aureus (CFU/g)  | Complies | Neprítomné |
