

Product name:

Product code:

Batch:

Best before date:

Sodium Methyl Oleyl Taurate

TEN180

DEB4012361

12/2027

General identification data

| Parameter          | Value                                                                             |
|--------------------|-----------------------------------------------------------------------------------|
| CAS No.            | 1471313-87-7                                                                      |
| EC number          | 939-538-4                                                                         |
| Product color      | Yellow                                                                            |
| HS code            | 34023990                                                                          |
| INCI               | Sodium Methyl Oleoyl Taurate                                                      |
| Country of origin  | Germany                                                                           |
| Grade              | Cosmetic Grade                                                                    |
| Processing method  | Chemical Reaction                                                                 |
| Origin of product  | Vegetable, Synthetic                                                              |
| Storage conditions | Protect from moisture, Store at room temperature, Store in the original container |
| Surfactant Type    | Anionic                                                                           |
| Appearance         | Powder                                                                            |

Analytical parameters

| Parameter                    | Value | Range       |
|------------------------------|-------|-------------|
| Active surfactant matter (%) | 64,4  | 60,0 - 65,0 |
| Sodium chloride, NaCl (%)    | 28    |             |
| Water content (%)            | 0,68  | < 1,00      |
| pH (1% solution)             | 7,5   | 7,0 - 8,0   |
| Water solubility (g/L)       | 150   |             |
| Bulk density (g/L)           | 500   | 500 - 700   |
| Melting point (°C)           | 149   |             |
| Free fatty acids (%)         | < 3.0 |             |

Handymade s.r.o.

|                   |                             |
|-------------------|-----------------------------|
| Product name:     | Sodium Methyl Oleyl Taurate |
| Product code:     | TEN180                      |
| Batch:            | DEB4012361                  |
| Best before date: | 12/2027                     |

All data and facts above are taken from the certificate provided by the manufacturer. This certificate confirms that the product meets all specified quality parameters and regulatory requirements.

Document is signed with a qualified electronic signature, which has the same legal effect as a handwritten signature.
